PROFESSIONAL SUMMARY

A driven Frontend and API Developer with a strong foundation in building database-driven applications and management systems. Experienced in crafting clean interfaces and developing structural backend logic using PHP and MySQL. Proven track record of managing codebase deployment and collaborating smoothly with project partners using Git and GitHub. Eager to bring rapid problem-solving skills, dedication, and a continuous learning mindset to a collaborative development team.

TECHNICAL SKILLS

- **Languages & Frameworks:** HTML5, CSS3, JavaScript (ES6+), Next.js, PHP, Visual Basic (VB)
- **Database Management:** MySQL, PDO (PHP Data Objects), SQL Database Design
- **Tools & Environments:** Visual Studio Code (VS Code), Git, GitHub, XAMPP, Postman / API Testing

SOFTWARE DEVELOPMENT PROJECTS

Hospital Management System (HMS)

Collaborative Project

- Developed a complete management system featuring multi-role authentication workflows (including Administrator, Doctor, and Receptionist roles).
- Built secure PHP backend API endpoints for handling data ingestion, such as patient vital registration.
- Managed seamless codebase synchronization, conflict resolution, and feature deployment with a project partner using Git and GitHub.

School & Restaurant Management Systems

Personal Practice Projects

- Architected and built system architectures to independently sharpen documentation reading and implementation skills.
- Designed relational database schemas in MySQL to keep data secure and organized.
- Practiced creating responsive layouts and glassmorphic frontend UI patterns.

WORK EXPERIENCE

Mathematics & Science Teacher

Golden Lilies Montessori School — Accra, Ghana

2025 – Present

- Teach Mathematics and General Science to students from Primary 3 to Primary 6.
- Break down complex logical and scientific concepts into clear, structured, and easy-to-understand lessons.
- Manage classroom dynamics, evaluate student performance, and coordinate schedules efficiently.

Mathematics & Science Teacher

Palma Christian School — Accra, Ghana

2024 – 2025

- Instructed primary school students in core Science and Mathematics foundations.
- Organized lesson plans and learning materials to cultivate analytical thinking skills.

EDUCATION

Kwame Nkrumah University of Science and Technology (KNUST)

Diploma in Information Technology (IT) — IDL Centre

Expected Graduation: Dec 2026

Oweriman Senior High and Technical School

WASSCE (General Science)

2012 – 2015
